**INTERNATIONAL CONFERENCE ON ADVANCES IN
SOFT COMPUTING & COMMUNICATION TECHNOLOGIES**

(ICASCCT2K14)

27th - 28th August 2014

Convener

Prof. Dr. C. Srinivasa Kumar

Organized by

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
VIGNAN INSTITUTE OF TECHNOLOGY & SCIENCE
Deshmukhi, Near Ramoji Film City, Hyderabad, India

Copy Right @ 2014 with the Department of Computer Science & Engineering, VIGNAN Institute of Technology & Science, Deshmukhi, Near Ramoji Film City, Hyderabad, India.

The Organizing Committee is not responsible for the statements made or opinions expressed in the papers included in the volume.

This book or any part thereof may not be reproduced without the written permission of the department of Department of Computer Science & Engineering, VIGNAN Institute of Technology & Science, Deshmukhi, Near Ramoji Film City, Hyderabad, India.

CHAIRMAN

VIGNAN GROUP OF INSTITUTIONS

Message

Now a days the communication technology is developing at a very fast pace. As everyone knows that every country can progress only if the scientists and technocrats explore newer fields of research and development from the bottom of your heart. Software Technology is changing rapidly and new areas of research are coming up. Now it is high time that every one of us will have to think and contribute to the cause. Moreover, there is a growing need for a large scale industry-institute interaction. The faculty members of **VITS HYDERABAD** have rightly sensed this need and provided a good platform for the researchers all around the globe to bring forward their thoughts and help the society at large. **VITS** Hyderabad has always been a front runner to organize such events and this time too we have come up with international conference on advances in soft computing & communication technologies (**ICASCCT**).

Dr. L. RATHAIAH
CHAIRMAN

Mr. BOYAPATI SHRAVAN

B. Tech., M.B. A

CEO

VIGNAN GROUP OF INSTITUTIONS, Hyderabad.

Message

I am indeed very happy that the department of CSE organizing an International Conference on Advances in Soft computing & Communication Technologies (**ICASCCT**). It will definitely pave way to understand the recent trends and innovations of Soft Computing and Communication Technologies and its applications in industrial and scientific sphere. Imparting the knowledge and exchange views among Teachers and learners should be the basic function of such conference. I hope this conference is going to be a platform for fruitful interaction among the stakeholders. I congratulate the members of the organizing committee of **ICASCCT** and wish the Conference a Grand Success.

B. SHRAVAN

CEO

VIGNAN INSTITUTE OF TECHNOLOGY & SCIENCE

VIGNAN INSTITUTE OF TECHNOLOGY AND SCIENCE

Message

I am very happy that the Department of CSE is organizing an International Conference on Advances in Soft Computing & Communication Technologies (ICASCCT-2K14) on 27th -28th August 2014. The post century made tremendous progress in science and technology laying foundations for modern civilization. The new millennium is galloping into the future with the emerging trends in modern technology for the changing world. To meet this need, it is absolutely essential for the intellectuals of the present, to participate in “Idea Interaction Process” and exchange new technologies for the overall growth of the scientific world, contributing to the process of human race; as a whole. I am confident that this International Conference will go a long way in bringing together the academicians, industry people and researchers in vital areas of Computer Science and Engineering. It will play a definitive role in bringing together researchers, young scientists, and students in an informal environment for discussing the latest trends. I congratulate the all faculty members of Computer Science and Engineering for their cooperation and hard work in making this conference a grand success.

Dr. M. VENKATA RAMANA
Principal, VITS

CONVENER- ICASCCT

Professor and Dean,

Department of Computer Science and Engineering

Message

It is Our Great honour to welcome you all the delegates from various parts of the Country to International Conference on Advances in Soft Computing & Communication Technologies (**ICASCCT**) on 27th -28th August 2014. We are very much delighted to note that the overwhelming response for our Invitation from the Authors, Research Scholar, and Industries for this Conference. The Technical Program Committee and Reviewers worked with excellence in selecting high quality papers for oral presentation in the conference and inclusion in the Conference proceedings. We are very glad to have a great response from the Listeners to participate in the Conferences and get the knowledge over the recent trends in the field of Computer & Communication Technologies. We sincerely hope that **ICASCCT** provides an excellent open forum to exchange ideas and latest research accomplishments among academia and industries, and also to cultivate mutual friendships among professionals in computing domain.

Dr. C.SRINIVASA KUMAR

EDITOR-IN-CHIEF

MESSAGE

I am glad to note that "VIGNAN INSTITUTE OF TECHNOLOGY & SCIENCES HYDERABAD" has taken the initiative to conduct a two day International Conference on Advances in Soft Computing & Communication Technologies (ICASCCT2K14) during 27th & 28th August 2014. Advances in Soft Computing & Communication Technologies gives the latest communication promises faster than other facilities, because of the best possible information and communication updates in current trends. I am sure the deliberations during the conference will expose the Staff, Research Scholars and Students to what is new and what is ahead in Soft Computing & Communication Technologies.....

I congratulate the organizers and convey my best wishes for the success of the Conference in the fulfillment of its objectives.

With Regards

*(DR. VAKA MURALI MOHAN)

43	A Survey on Cloud Computing Security Issues Sarman.K.S.R.K., M. Ussenaiah., C. Shoba Bindu	183 – 187
44	Management Of Identifying Location For Web Search L. Praveen Kumar and P.Dhanya Sri	188 –190
45	A Proficient Less Overhead Payment Structure For Wireless Networks Bhalchandra B. Dabhade	191 –193
46	Design, Modeling of a Multi-level Inverter Capable of P.F Control with DC Link Switches A.Murali.,B.Bala Krishna and K.Suresh Babu	194 – 197
47	A Survey of cluster based routing in WSN Praveen Kumar Rapolu and Raja Ram Jatothu	198 –203
48	Instinctive Protocol For Data Storage Security By Third Party Auditor In Cloud Computing K.Prathima and A.Shruthi	204 –208
49	3d Video Compression For Lower End Mobile Devices E. Sudarshan., Ch. Satyanarayana., C. Shoba Bindu	209 –214
50	Hackers Tracking Technology in Virtual Private Network Dr. K.Srujan Raju., Mrs K.Neeraja., V.Sandhya	215 –219
51	Slicing Technique: An Approach To Privacy-Preserving Data Mining Shubhangi V Urkude	220 – 222
52	Data Mining Predictive Model Technique For Analyzing And Diagnosing Diseases In Health Care Sangeetha S., Tulasi Sunitha M & Yedukondalu G	223 – 226
53	Detecting Sybil Attacks In A Coherent Way N.Venkatesh and Md. Rafique-uddin khan	227 – 229
54	Evaluation and Performance Analysis in Hadoop System P Kiran Kumar	230 – 235
55	Safe Unexpected-Based Movable Shared Networks: Necessities, Plans, and Benefits Kapil Reddy.T., Divvali.Santhosh Kumar., L.Praveen Kumar	236 – 240
56	Access Control For Online Mining Communities K.L.Sruthi and Dr. N. Kalyani	241 – 244
57	Securely Binding the Benefits of Cloud Computing for Enterprise Solutions T. Divya Kumari	245 – 247
58	Intrusion Detection System Using Data Mining G.Yedukondalu., Ravi Regulagadda., Tulasi Sunitha M	248 – 251

59	An Emergency Alert SMS and GPS Tracking application for Android Moblies Alluri Shruthi	252 – 254
60	Securing The Route Discovery In Mobile Adhoc Networks R.V.Ramana., B.Prasuna kumari., MD Salman Ahmed	255 – 260
61	Towards Advancement Of Web Page Linkage R.C.Rajeswara Reddy and L.Praveen Kumar	261 – 263
62	Innovative Cost-Effective Intranet-Based Chatting System Using Android Wi-Fi Sainath Alapati and Ramachandran Vedantam	264 – 266
63	Efficient Privacy and Protected Data Query Processing in Event-driven Sensor Networks N.Vijaya Lakshmi and P.Lavanya Kumari	267 – 271
64	System to Filter Unwanted Messages from OSN User Walls Vasavi Gudepu	272 – 275
65	Approachable Design Display to Control and Monitor Home Area Networks L Karthik and K.Harikrishna	276 – 279
66	Security Provision for NTP Protocol Using Fuzzy Logic Techniques in Mobile Adhoc- Networks Machha. Narender	280 – 284
67	Scalable and Secure Sharing of Personal Health Records in Cloud Computing Using Attribute-Based Encryption G.Niharika	285 – 288
68	Security in Virtualized Network Infrastructure Using Cloud S.Sudha Rani	289 – 294
69	Accuracy Driven- Financial Forecasting using SVM and MLP S. S. Panigrahi., J.K.Mantri., J.Mohanta., S. Rout	295 – 297
70	Fault-Location Enhancement in RailwayLines Using IFCDS P.Dhanum Jaya Reddy., B.Balakrishna., K.Suresh Babu	298 – 302
71	Sensitive Label Privacy Protection on Social Network Data B.Bhasker., M.Vazralu., G.Anitha	303 – 306
72	Improvement of Voltage Quality In Isolated Power Systems Jumpala Roopa and Sridhar	307 – 310
73	A Coherent Database Architecture for Location Management in Mobile Networks P. Lavanya Kumari and N. Vijaya Lakshmi	311 – 317
74	Improving Multimedia Answer Generation By Excavating Web Information J.Krupa Jyothi	318 – 322
75	Monitoring of Environmental Conditions and Tracking of Sensors Data C.kiran Kumar reddy	323 – 325
76	Secure and Efficient Handover Authentication Based on Bilinear Pairing Functions M.Naveen Kumar and L.Veera Babu	326 – 329
77	A New Era in Personalized Search Engine Phaneendra Gupta .K and Sumalatha M	330 – 334
78	Embedded System Design for the Standby Power Reduction of a Microwave Oven. Standby power reduction in a Microwave-Oven Poshavoni Vikas Yadav and N. UmaMaheshwar Rao	335– 337
79	Secure Data Storage and Dependable Storage Services In Cloud Computing	338 – 341

Yakaswamy Gadudula., Santhosh Kumar, D., Sumalatha,

80	Security of Data in Adhoc Networks using Multipath Routing K.Kiranmai	342 – 344
81	Multicast Capacity in MANET with Infrastructure Support G.Chandeeswar and L.Praveen Kumar	345– 349
82	SORT: A Self-ORganizing Trust Model for Peer-to-Peer Systems Badavath Rajesh and A Mohana Siva Prasad	350 – 353
83	Cloud Computing Security Issues in IaaS B Eswar Babu	354 – 357
84	Advanced analysis on Big Data using Hadoop's Map Reduce Harika A., Tulasi Sunitha M., Yedukondalu G	358 – 362
85	Malicious Traffic blocking based on filtering K.Rajesh	363 – 368
86	A Quick Assembling-Based Feature Subset Selection Algorithm for High Spatial Data Yashasree Tummala	369 – 373
87	Privacy Preserving Public Auditing For Secure Cloud Storage G.V.N.S.Bhargavi, P.Manoj Krishna, T.Neelima	374 – 379
88	A Proficient Accessible Method For Query Processing Ravikanti Jagadishwar	380 – 382
89	A Scrutiny In Mobile Ad-Hoc Network For Testimonial Retraction V. Veena	383 –386
90	A Progressive and Predicate Approach In soft computing on Rough Sets and ANN Ravi Krishna Bh And N Sri Anjaneya	387 –391
91	Privacy-Preserving Methods for Storage in Cloud Computing T.Devi	392 – 396
92	An Objects Of Comparable Mining from Reasonable Questions Nannapuraju Srikanth Raju andM. Sumalatha	397 – 398
93	Optimizing Technique for word sense Disambiguation V.Biksham and J.Rajaram	399 – 403
94	A Novel Approach For Active and Reactive Power Compensation For Transmission System Using Static Synchronous Series Compensator(SSSC) P.Pravallika and P.Ambika	404 – 407
95	Face recognition System Technique for Humanoid Robot K.Vijayalakshmi., Adepriyanka., Thayyaba Khatoon., Harjinder kaur	408 – 412
96	Architecture, Challenges and Research Issues On mobile computing G Shashidhar Yadav., M. Madhulatha., V Chalapathi	413 – 416
97	Broadband Access Technologies for Very High Throughput Wireless Sensor Communication Networks B Madhu Krishna., K Naga Pavitra., G Padmavathi Bai	417 – 421
